diary Day 4

Organised by: CMS, Mahanagar Campus III

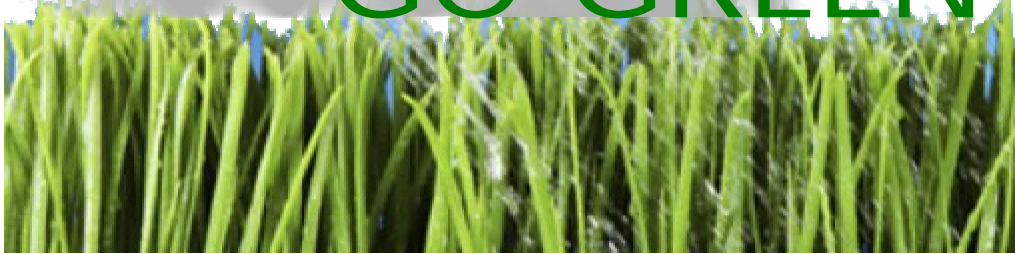

Proud winners of 11th Geofest International and National Geography Olympiad

The four day long Geofest International and National Geography Olympiad concluded on 13th September 2011. The series of various competitions held during the event brought the participants near to each other and inculcated the values of cooperation, unity and universal brotherhood to work for a global cause. The participants were full of mixed emotions, for they got the opportunity to learn and share their knowledge with one another and, at the same time, they were sad to say adieu. The 11th Geofest International and National Geography Olympiad drew the participation from 54 teams with a total of 306 participants.

The team from Sun Beam School, Lahartara, Varanasi outshone the others both in the Junior and Senior categories. Lord Jesus Public School, Gurgaon were the runners-up in Overall Juniors' Category and Sunbeam School, Varuna, Varanasi was the runner-ups in Seniors' Category.

GO GREEN

11th Geofest International and the National Geography Olympiad

Like music and art, love of nature is a common language that can transcend political or social boundaries..

— Jimmy Carter

Geofest is a good platform for students to know about nature and environment. Dr Jagdish Gandhi's teaching for world peace and unity is very inspiring. If we have peace in the world we can save our environment by working together.

—Sourav Kumar Singh, Motilal Nehru School, Jamshedpur

This event has brought many states of India and countries of world together for a global cause. The concept of World Parliament shown here was a unique thing to learn and we should have a world parliament to resolve international issues.

—Siddharth Maruti, Motilal Nehru School, Jamshedpur

We learnt the about the three pillars of education, ie, human, material and divine. We learnt a lot about the concept of international law for peace and education.

—Prateek Bisht, Jawaharlal Nehru Vidyalaya, Haridwar

We have learnt that God is our father and Earth is our mother. Secondly, that God is one, religion is one and mankind is one.

—Shree Kant, Jawaharlal Nehru Vidyalaya, Haridwar

Here I have learnt that competitions never end, it is only the prize distribution that ends an event, and the competition with oneself never gets over.

—Vikhyat Oberoi, Bosco Public School, New Delhi

It feels great pleasure to be here in such a great school where I got the opportunity to learn many new things from the speeches of Dr Jagdish Gandhi.

—Shiva Rathore, Bosco Public School, New Delhi

It is an awesome experience to be here, this is my first time over here and I feel privileged to be selected for Geofest. I got to make new friends here and it's very nice.

—Ajita Srivastava, Delhi Public School, Bhopal

It is a privilege to be here as I learnt a lot from Dr Jagdish Gandhi and I would like to share the knowledge that I have received with my friends, family and school.

—Luv Motwani, Puran Chandra Vidyaniketan, Kanpur

A series of varieties of events pertaining to one particular subject say geography covering all aspects in a unique and amazing idea in it.

—Yasmeen Zoeb, Team Leader, MSB Educational Institute, Nagpur

I thank CMS for giving me an opportunity to meet people from diverse culture. I made over 20 new friends here from different schools and share the feeling of harmony with them.

—Harish Sachan, Puran Chandra Vidyaniketan, Kanpur

The experience of Geofest was different from all other events which I have participated in my life because it was an international event. I made friends from different parts of world and different cultures.

—Mustafa Naamuch, MSB Educational Institute, Nagpur

It was a great experience and exposure for participating in Geofest. We learnt that we should not divide the region or country as there is only one country, ie, of God. By participating in National Geography Olympiad, we were able to explore the universe, the Earth. We also discovered our abilities and the height of our imagination and innovation.

—Sakshi Aggarwal and Meghansh Goel, Bal Bharti Public School, New Delhi
