The Lamp of Learning being lit by the honoured guests

Shri DS Mishra, Principal Secretary to Chief Minister, Uttar Pradesh, addressing the gathering

Chief guest being warmly welcomed by Dr Jagdish Gandhi, Founder-Manager, CMS and Mrs Prema Subramaniam, Principal, Mahanagar Campus III & Convenor, Geofest

## We do not inherit the Earth from our ancestors; we borrow it from our children.

At City Montessori School (CMS), every activity is oriented towards promotion of peace, brotherhood, harmony and unity. Geofest is yet another event from CMS which shall support this cause. It has drawn active participation from Bulgaria, India, Mauritius and Nepal with an aim to unite all the nations of the world in an effort to restrict further global warming and climate change.

Geofest International and National Geography Olympiad are two different events conducted simultaneously. Geofest International has helped us to cultivate friendship and brotherhood beyond our national borders.

National Geography Olympiad is a platform to groom Indian students to enable them to compete in the international arena. To recall, winners of earlier National Geography Olympiad have represented the country in National Geographic World Championships, organized by National Geographic Society, USA in 2003, 2005, 2007, 2009 and 2011. Five teams from India have participated in the National Geographic World Championships held at Tampa, Florida, USA; Budapest, Hungary; San Diego, California, USA; Mexico City, Mexico and San Francisco, USA, respectively. The current edition of the olympiad will conclude on 13th September 2011.

# 11th Geofest International and the National Geography Olympiad

When we heal the Earth, we heal ourselves

Participants of Geofest International and National Geography Olympiad-2011
