Preparing

World Citizens since 1959

City Montessori School (CMS) is the world's largest and one of India's best school, with 21 campuses in the city of Lucknow. CMS has been ranked among India's Top 3 Most Respected Education Brands and the top school of Uttar Pradesh (Education World magazine). The school that began with 5 children in 1959 on a borrowed capital of 300 rupees, today has over 59,000 students on its rolls from pre-primary to Class XII.

Our founders, Dr Jagdish Gandhi and Dr Bharti Gandhi, were inspired by the teachings of Mahatma Gandhi and Sant Vinoba Bhave. They started CMS with the vision of inspiring the upcoming generations to become socially conscious world citizens, committed to the service of humanity.

Their motto *Jai Jagat* has been the school's greeting from the beginning. CMS students are taught the ancient Indian ethos of *Vasudhaiv Kutumbakam*, or 'the Earth is but One Country and Mankind its Citizens'.

Meet the Founders

Dr Jagdish Gandhi Founder-Manager

Apart from nurturing CMS into the world's largest city-school, Dr Gandhi has attracted global acclaim for promoting peace through education. A few notable honours that Dr Gandhi has received are: the Yash Bharti Award of the Uttar Pradesh Government (2014); the Gusi Peace Prize of the Philippines (2011); the Hope of Humanity Award by the Dalai Lama (2010); Key to the City of Georgetown, USA (2002); honorary doctorates from universities of Argentina, Mongolia, Northern Ireland, Peru, Russia, Turkey and UK.

Dr Gandhi speaks regularly on national TV channels. He has been organizing the International Conference of Chief Justices of the World every year for the past 23 years, inviting the highest-level Judiciary from across the globe, with the objectives of building a global consensus in favour of world unity and world peace.

Dr Bharti Gandhi Founder-Director

Alumna of Lucknow University and former psychologist at the UP government's Psychology Bureau, Dr Bharti Gandhi is the co-founder of CMS. An able administrator and leader, she has championed numerous social causes and convened an all-India Anti Dowry Conference and the UP State Prohibition Conference.

She has organised several youth and children's festivals to promote international understanding. She continues to organise a Sunday Satsang (spiritual discourse) every week since the last 22 years at CMS. She has been conferred many prestigious awards including the Devi Award and a Lifetime Achievement Award for distinguished contributions to education in India at the House of Commons, London.

Meet the President & MD

Prof. Geeta Gandhi Kingdon President and MD

Geeta Gandhi Kingdon is the President and MD of City Montessori School, while also being Professor at the Institute of Education, University College London (UCL), where she holds the Chair of 'Education Economics and International Development'.

She has a BSc (Honours) in Economics from the London School of Economics and a D.Phil in Development Economics from the University Oxford. In 2010, she moved back to India after living in England for 31 years, though she continues part time as UCL Professor. Her focus has been on modernising this 63 year old legacy school while maintaining the culture and traditions that have made it great.

An Education We Want

CMS education strives towards a holistic programme that helps children love learning and inculcate the desire to serve the world. The school aims to provide a broader and bolder education of body, mind, heart and spirit. Such an education produces:

- Self-Directed Learners
- Quality Producers
- Effective Communicators
- Collaborative Workers
- Critical Thinkers
- Community Contributors

Such an integrated approach ensures every child's development with confidence.

A Broader and Bolder Education

Education in the 21st century must be both broader and bolder. A modern school needs to do much more than ensure good marks on a sheet. Helping children get good academic results is the minimum responsibility of a school. Indeed, a 'good' education must produce; a 'good' human being and a self-motivated agent of social transformation.

Integration of Technology

2022-23 has been another successful year for hardware across CMS, with the Computer Department's dedicated team of specialists, engineers and technicians overseeing the smooth functioning of our computer labs, IT Training Centres, Interactive White Board and Interactive Flat Panels, servers, networking, and Internet functionality. Should a technical difficulty arise anywhere in CMS, the team is always on hand to ensure that it is fixed immediately. In addition, our LED screens and sound systems continue to support events for children in our state-of-the-art auditoria and across all CMS campuses.

Strategic Planning

It has been another eventful year filled with successes at CMS, thanks to the dedicated efforts of teachers and staff across the organisation. Further great strides have been made towards the 'Vision 2025' initiatives, in which processes of teaching and learning are being developed and reformed in order to make education more skills-based, emphasising the 'Six Cs' of skills-based education: Communication, Collaboration, Creativity, Critical Thinking, Character, and Citizenship. As we enter the new session, we take particular pride in that we have been able to expand the provision of the Cambridge International Curriculum to more locations across Lucknow, as we strive to open up this unique opportunity to greater numbers of students.

Dr Sunita Gandhi

Hon. Chief Academic Advisor, CMS.
PhD, Cambridge University, UK.

BA (Hons), University of Oxford

Quality Assurance and Innovations

“Education is not a destination but a journey in itself that turns an entity into a human being which is the biggest need of the hour.”

The core aim of education is to provide young people with a learning environment that prepares them to convert challenges into opportunities.

We at City Montessori School make relentless efforts to develop strong analytical skills, creativity and innovation imbued with values, to make each student humane in thoughts and actions.

From ensuring the holistic development of its pupils through an effective pedagogical approach that focuses on the core components of modern learning- metacognition, critical thinking, and problem-solving to safeguarding better human interaction, Quality Assurance And Innovations Department strives through the 21 campuses of CMS to explore, kindle and nourish the hidden potential and talent of all the students.

It is our constant endeavour to keep our education in step with the ever-changing environment. Various orientation workshops and trainings like ‘Heads of Mathematics’ Programme, Certificate Programme in Instructional Leadership (CPIL), CSSL Training on the art

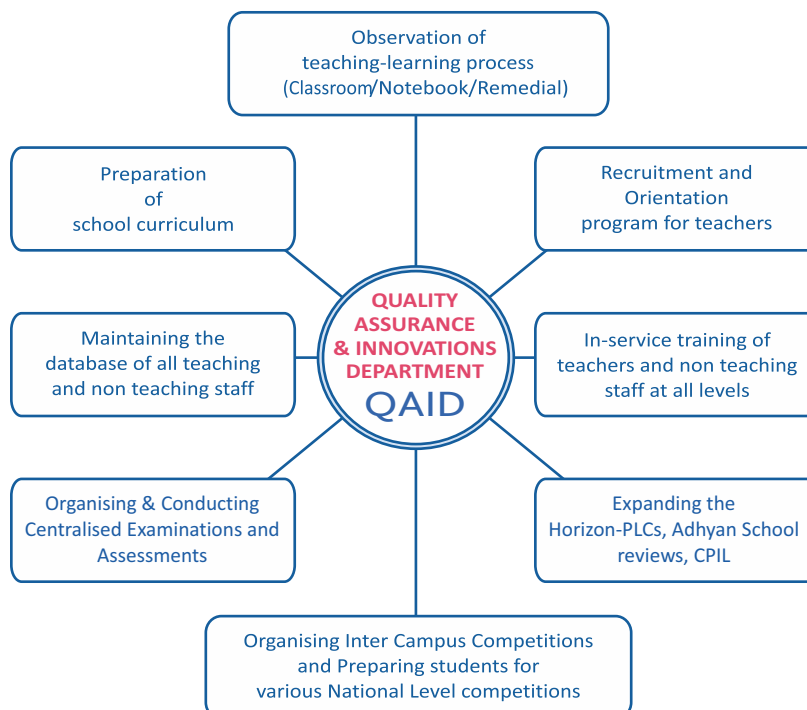

Ms Susmita Ghose
Superior Principal and
Head, Quality Assurance and
Innovations Department

of question making have been held throughout the year at regular intervals for teachers to absorb CMS Vision 2025.

The implementation of Fitzroy Phonics, Live Worksheets, Experiential Learning Projects (ELPs), Centre for Science of Student Learning (CSSL) based assessments has ensured that CMS continues to be a leader in global best practices in education.

We have created benchmarks of the finest educational structures and are committed to providing a progressive education system aimed at developing a future generation that takes pride in our heritage and culture, and also evolves into excellent professionals and change-makers.

Ms Dawn Taylor
Head School Development
CMS

Curriculum

- *Experiential learning projects*
- *Metacognitive learning*
- *Active learning strategies*
- *Independent learning*
- *Global citizenship values*
- *6Cs Skills*

Head of School Development

Ms Dawn Taylor joined CMS as Head of School Development full time from January 2022.

She has served as a senior leader for schools in the United Kingdom for over 12 years. She has spearheaded many school development projects which have had a significant positive impact on learning outcomes.

Ms Taylor is supporting the design and delivery of Vision 2025.

Within CMS, her focus lies squarely in the development of future-ready learners, a key pillar of our Vision 2025 initiative. Future-ready learners are equipped with the skills required to succeed in the modern world. She is supporting our learners by helping to deliver a holistic, balanced, and challenging curriculum where students learn *by doing* and *experiencing*.

Ms Taylor is working tirelessly to help all learners at CMS cultivate a growth mindset, wherein students develop a fundamental love of learning and have the self-belief in their own role as active agents of change. She enjoys working with students, staff and parents alike; believing in everyone's innate capabilities. In fact, she has trained over 15,000 individuals in the key concepts of metacognition to achieve this goal. Ms Taylor looks forward to playing an active role in CMS students' development in the coming years.

The rise of disruptive technologies such as artificial intelligence, one likely to fundamentally alter job markets. CMS as a learning organisation will drive innovation ahead of an evolving educational landscape.

Vision 2025 outlines huge transformational change for our entire school community. To deliver our Vision successfully, we operate under the following guiding philosophies:

- Since information is freely available everywhere, the traditional 'rote-learning' education model no longer prepares children for the future
- Students instead need to learn those skills that can never be replicated by technology.
- As educators, we must ensure that the standards to which we hold ourselves accountable are well-defined and fit for purpose."

For Learners:

Curriculum: Delivering the 6Cs

- Knowledge and Skills
- Global Citizenship
- Character

Active Learning Pedagogy

- Project-Based Learning
- Experiential Learning
- Blended Learning

Personalised Learning

- Data for Learning
- Personal Target-Setting: 'TMS'
- Interventions for Learning

Cognitive Development

- Developing Metacognition
- Developing Study Skills
- Developing Behaviour

For Educators:

Building Capability of teachers

- Continuous Professional Development

Creating Capacity of teachers

- Learning-Oriented Leadership Structures

Enhancing Meritocracy

- Merit based progression

Campus Improvement Planning

- At all campuses

Growing up, the CMS way

JOYFUL Pre-Primary Years

GOALS 3Es

- Encouragement
- Environment
- Example of adults

EMPOWERING Primary Years

GOALS 3Cs

- Confidence
- Competency in the core subjects
- Caring and compassion

INSPIRING Junior Years

GOALS 4Es

- Expression
- Exposure
- Exchanges
- Events

VICTORIOUS Senior Years

GOALS 4Ps

- Performance in boards exams
- Praiseworthy character
- Pleasing personality
- Preparation for a life of service

Joyful Pre-Primary Years

With our fun school activities for pre-primary children, learning becomes interesting and enjoyable, and goes beyond textbooks and whiteboards. Carefully tailored school activities lead to the all-round development of children and help them achieve their maximum potential.

Pre-primary years in CMS involve playful activities, integration of music, use of appropriate ed-tech, and practices that nurture spontaneity, self-expression, creativity and confidence.

The watchword for the teachers is using the language of encouragement.

GOALS

3Es

- Encouragement
- Environment
- Example of adults

CMS is your child's first step to EXCELLENCE!

Skit preparation

Stimulating Environment

Children perform better in an inspiring environment.

We create a climate of encouragement to facilitate the all-round development of every child and provide a joyful and peaceful environment.

Children take advantage of school resources such as:

- Play and activity areas
- Hand-on math room
- Drama and music room
- Art and craft room
- Swimming pool
- Story telling corner

Personalized Learning

CMS places great emphasis on personalized learning for each child. This determines the pace of learning for every child and helps teachers to optimize the instructional approach for the needs of each learner. Learning activities are made available that are meaningful and relevant to learners.

Every child takes part in:

- Model Class Presentation
- Sports events
- Cultural activities
- Celebration of national and international days

A Broad Curriculum

CMS focuses on six aspects of learning that for a child's development at the pre-primary level:

- Personal, social and emotional development
- Communication, language and literacy
- Problem solving, reasoning and numeracy
- Physical development
- Creative development
- Knowledge and understanding of the world

The daily schedule includes:

- Games and play activities
- Movement and relaxation exercises
- Outdoor play
- Activities ensuring the routine (personal hygiene, taking meals)
- Learning experientially
- Hands-on Learning

Learning with Fun

About 15% of the CMS student body is below the age of 6.

The school environment is engaging and responsive to the child at each stage of his/her development.

In pre-primary years, CMS aims to develop perceptual, motor, cognitive and socio-emotional levels of a child, as the basis for readying him/her for school education, and for life in society.

We create a happy environment for social contact with peers, and we deliberately create opportunities for young children to explore and learn through play, dance, music, drama, art, games and sports.

We promote the development of creativity over memorization. English is taught through Fitzroy phonics, with spectacular results, with 4 and 5 year olds doing early reading. Learners get some time on computers for colouring and drawing.

Creative Arts

To encourage creative arts such as theatre (drama) and dance from an early age, CMS provides opportunities with well-trained and experienced teachers at every campus.

Dance

In energizing dance classes, CMS students are taught various classical dances like Kathak and Bharatnatyam, folk dance, as well as western genres like hip-hop, ballet, and jazz.

Drama

Theatre and drama classes boost confidence in students as they learn public speaking skills, as well as creativity as students innovatively think up ways to decorate sets, make costumes, and get into character for role play.

*“The senses, being
the explorers of the world,
open the way to knowledge.”
– Dr Maria Montessori*

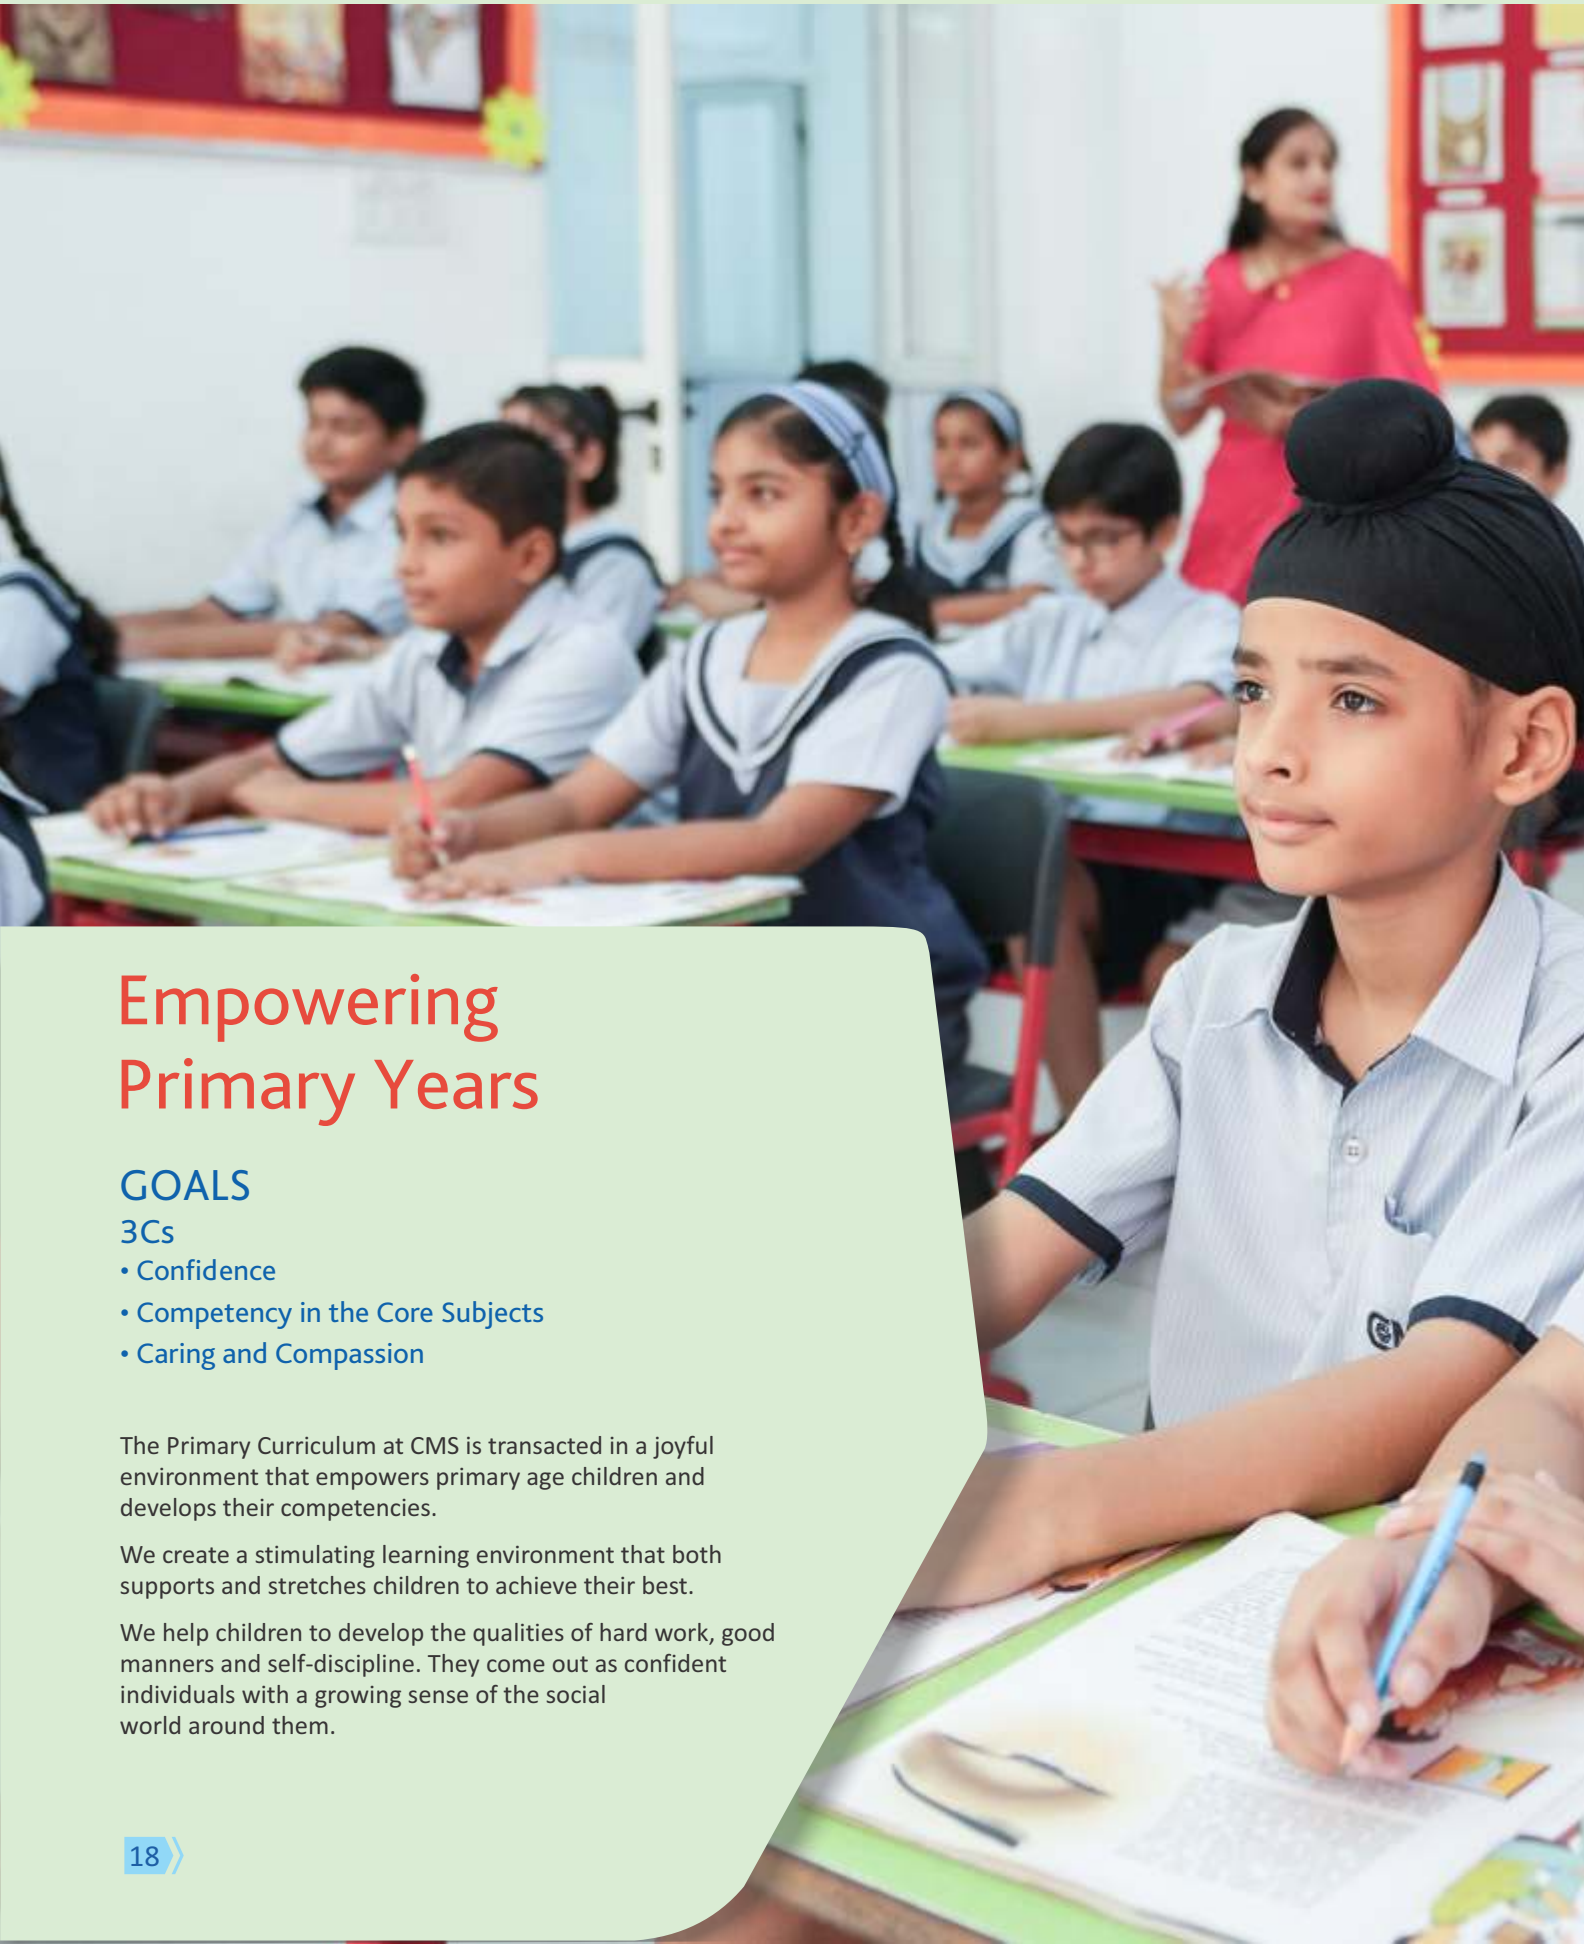

Principles of CMS Pre-primary

- Play-way method that encourages every child to gain knowledge and develop unique set of skills and values.
- Enriching environment that nurtures creativity and communication in a child.
- State-of-the-art infrastructure backed with latest pedagogy and technology in education.
- Highly qualified staff sensitised to the needs of every child.

*“Children do learn
what they live.
Then they grow up to live
what they've learned.”*
— Dorothy Nolte

Empowering Primary Years

GOALS

3Cs

- Confidence
- Competency in the Core Subjects
- Caring and Compassion

The Primary Curriculum at CMS is transacted in a joyful environment that empowers primary age children and develops their competencies.

We create a stimulating learning environment that both supports and stretches children to achieve their best.

We help children to develop the qualities of hard work, good manners and self-discipline. They come out as confident individuals with a growing sense of the social world around them.

Holistic Development

The aim of primary education in CMS is to give children a strong foundation of education. To help student grow into a self-assured and confident individual various activities and events are conducted such as:

- Children's International Summer Villages
- International Children Film Festival
- Community and social drives
- Inter-campus literary Fests
- Cultural and annual sports day
- Model class presentations
- Music, dance and drama
- Hobby classes

Integrating Technology

One important aspect of primary education is pupils' assisted engagement with technology. We develop a secure knowledge of computer technology and also an appreciation of its benefits and responsible use. Our focus when teaching IT is on developing computational thinking.

Our smart classrooms are equipped with interactive white boards/flat panels with the latest relevant software and audio/visual content for effective learning.

Experiential Learning

The CMS primary curriculum is based on active learning rather than on passive relay of information by a teacher. Experiential learning offers in-depth study, giving the learner a better understanding of the concepts and also a handle on the application of the knowledge in the real world around them.

Through project based learning in classes 4 and 5, and the integration of HOTS (Higher Order Thinking Skills) questions in assessments/tests, CMS seeks to develop in primary age children:

- Critical thinking
- Creativity
- Problem solving skills
- Communication
- Collaboration

Assessment for Learning

Assessments drive the class-room pedagogy of the teacher. In line with the National Education Policy (NEP 2020), CMS in 2022 moved away from conventional patterns of assessment which focused on rote learning, towards testing of skills such as critical thinking, application, analysis and problem solving.

We have engaged a specialized assessment company - Centre for the Science of Student Learning (CSSL) to provide us robust assessments that have both validity and reliability.

Students take the test on OMR sheets, which permits us to provide them with diagnostic and personalized report cards. This enables children to improve in areas identified as weak points.

Hands On Maths

Inspiring Junior Years

Goals 4Es

Expression

Exposure

Exchanges

Events

Developing a love for reading

The school creates a stimulating learning environment that both supports and challenges the individual student. It promotes a safe, orderly and caring environment.

We take a holistic approach to promote the acquisition of 21st century skills:

- Critical Thinking
- Communication
- Collaboration
- Creativity
- Character
- Citizenship

Dance, debating, sport, indian and western music (with the option for individual music lessons), elocution, foreign language classes, public speaking, community service, and foreign visit opportunities are used to expand minds and shape young personalities.

Inspiring Junior Years

Students aged 11-13 are emerging as junior youth and curious adolescents. The foundations of solid learning laid here set the stage for academic success in the senior years.

CMS identifies key aspects occurring in transition from childhood to adulthood, which form the foundation of learning during the Junior years.

1. Intellectual

Students have opportunities to be curious and inquire. Thinking is extended and challenged through activities like discussion prompts, model making, HOTs, debating, public speaking, and participation in international events

2. Social

Through a culturally responsive programme students explore and invent themselves through various group activities such as community drive and social service.

3. Physical

The programme caters well for students need to be physically active through sports and games, dance and inculcating in them life skills like yoga and meditation.

4. Emotional and Psychological

Teachers are sensitive to the emotional and psychological changes happening in students. Counsellor is available in campus to support and help students as well as their parents when required. To develop emotional intelligence meaningful guest sessions are organised.

5. Moral

CMS Junior Youth Empowerment Programme provides a platform to young adolescent learners to have an impact on making the world a better place. 'Dignity of Labour' is practiced to inculcate the value of equal and respectful treatment of people of all jobs.

Group discussion

Personalised learning

Working with humanoid robot

All encompassing education:

- Collaborative learning
- Inquiry based learning
- Experiential learning
- ICT and Technology
- Computational Thinking
- Dignity of labour
- High moral standards
- Life skills
- Emotional and social intelligence

Victorious Senior Years

The senior years are a time for our students to learn valuable skills for life from our professional teachers. These years are the time to set some long-term goals and also to feel a sense of pride in accomplishment.

The school sets rigorous academic standards as it is our desire to help every child to excel and to open their eyes to possibilities that lie ahead of them in the world at large.

Consistent excellent board results are achieved through:

- A very high standard of teaching using latest pedagogy and technology.
- Mentoring by highly qualified teacher-guardian.
- Emphasis on learning by doing along with metacognitive approach.
- Personalise study strategy to help students plan better and study smarter.
- Intervention classes based on a data-driven diagnosis of each individual learner's progress and need.

Goals - 5Ps

Preparation for a Life of Service

Pleasing Personality

Performance in the Boards

Praiseworthy Character

Proficiency in English

Victorious Senior Years

The school works to prepare confident young adults by providing senior students a wide variety of opportunities beyond music, dance, debating and sports, these include:

- Career and Universities Fairs
- Guidance on Study Abroad
- Meaningful character education,
- Lectures by eminent experts
- Unparalleled global exposure
- Dedicated career guidance

College Board conducted an online workshop on SAT, AP (Advanced placement) program exclusively for CMS students and parents.

The annual Careers Day attracts about 2000 students and parents to hear professionals (in separate halls) from all important industries and occupations. Scores of CMS students get admission offers from top universities abroad on generous scholarships each year.

For seeing some of these, please scan the QR code given below.

Read more

The CMS advantage:

- Excellent board results
- Information on college, exams and subject combinations
- Dedicated career counsellor
- College, course and career counselling
- SAT Exam and study abroad counselling
- International alumni meets

CMS Cambridge Section

Classes I to XII

CMS is now a Cambridge School

CMS Aliganj Campus I, CMS Gomti Nagar Extension campus and CMS Rajajipuram Campus I are now also affiliated with the Cambridge Assessment International Education (CAIE) Board, which is part of the University of Cambridge. The IGCSE (International General Certificate of Secondary Education) qualification is recognised as equivalent to Class 10 and the Advanced Level (A-Level) qualification is recognised by the Association of Indian Universities (AIU) as equivalent to any higher secondary qualifications of Boards in India. To learn in more detail about the distinctive features of the CMS Cambridge section, please ask your campus for the separate CMS Cambridge section prospectus, or visit www.cmseducation.org/cambridge

Cambridge Assessment
International Education

Cambridge International School

The CMS Cambridge Experience

CMS Cambridge Section is open for students of Classes I to XII, offering both IGCSEs and A Levels, with subject choices including English, Mathematics, Physics, Chemistry, Business Studies, Economics, History, Geography, Computer Science, Art & Design, Design & Technology, Hindi, German, and French.

The IGCSE at CMS Cambridge offers a flexible and stimulating curriculum, supported with excellent resources and training. For learners, the Cambridge Section helps improve performance by developing skills in creative thinking, enquiry and problem solving.

CMS Cambridge classes have a maximum of 30 students per class, and all classes are fully air-conditioned. Apart from the commitment to academic excellence, a vast range of extra-curricular activities are an integrated part of the CMS Cambridge timetable, and a huge amount of support is provided to enable students to gain admission in universities abroad.

About the Cambridge Board

Cambridge Assessment International Education is part of the University of Cambridge, one of the world's top universities trusted for excellence in education. It is the world's largest provider of international qualifications for students aged between 5-19 years. Its qualifications are recognized and accepted by universities, educators and employers across the globe.

The IGCSE qualification (International General Certificate of Secondary Education) is recognised by the Council of Boards of School Education (COBSE) of India and is equivalent to any Class X Board. The A-Level qualifications are recognized by the Association of Indian Universities (AIU) as equivalent to any Class XII qualifications.

Academics in 2022-23

- Luvina Ramchandani and Shubh Shukla topped the IGCSE exams with A* in all the subjects they had opted for. Navya Rai, Sara Enayati, Summayya Mahi and Saransh Singh Baghel scored A* and A in all subjects. In all, students scored 47 A*s and 27 As in IGCSE.
- In A levels, Anahita Singh made the school proud with straight A* grades in all four of her chosen subjects. Daksh Kumar Singh, Divyansh Tripathi, Varad Srivastava, Aishwarya Singh, Arunima Shankar, Saumya Upadhyay, YashGola, Yuvraj Yadav, and Aadya Shekhar scored A* and A in all subjects. In all, students scored 15 A*s and 33 As in the A levels.
- In another major achievement, Anahita Singh of CMS Cambridge topped in India in Cambridge International AS Level in Economics Nov 2021 and secured third place in India in Best Across Four in Cambridge International As level In 2021, our Cambridge Section students achieved 18 A*s and 13 A grades in the A Level examinations. Divyam Chaudhary and Ujjwal Gaurav both topped the school in the A level exams with straight A*s in 5 subjects.

Co-curricular Activities

Student-led clubs are an integral part of the CMS Cambridge School life. These clubs are built into the timetable and participation in these develops critical thinking, organizational skills and pursuit of excellence.

The school provides a creative, practical, and a fun educational experience for the students. I joined CMS Cambridge in April, 2022, and ever since, I have cherished the way of education and extracurricular activities in this school. The teachers are extremely supportive and understanding, cooperative and heart-warming, and the students make kind-hearted, joyful peers! Amazing in academics, and thrilling in sports and activities, this school is a perfect paradise of learning.

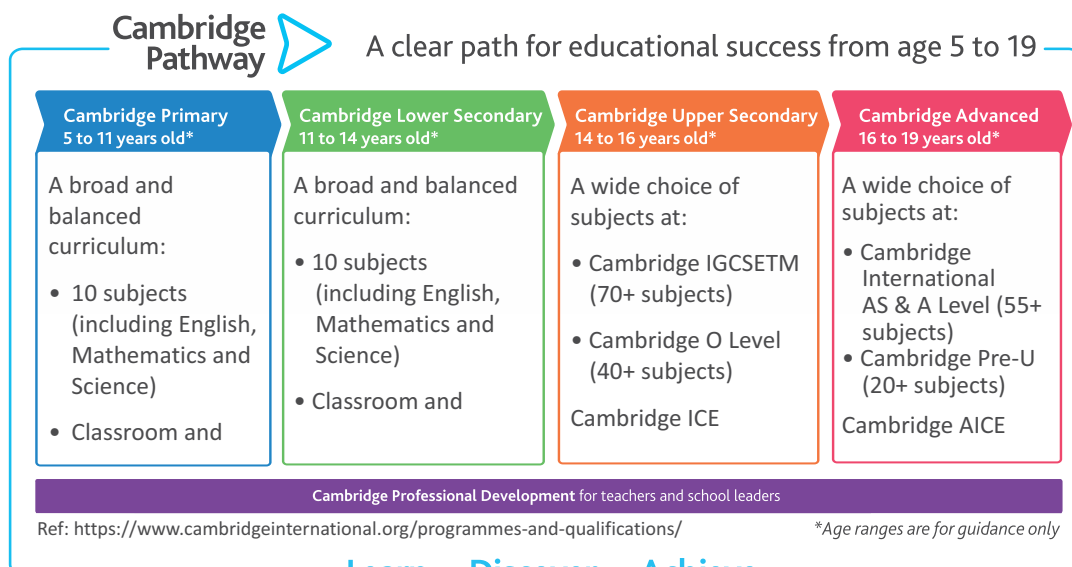

Astha Maheshwari, Class 8

I think Cambridge has prepared me to welcome new challenges and meet them resourcefully, creatively and imaginatively. I am not merely concerned with the product but the process of my learning too.

Adhiraaj Batra, Class VI

Global Citizenship Education

Model United Nations

- CMS values students participate in Model United Nations, and putting forth their views.
- This platform widens knowledge about burning contemporary issues and allows students to hone skills such as diplomacy, oratory and persuasiveness.
- Students see themselves both as citizens of India and also of the world.

Student Perspective:
“Being part of MUN is a thrilling experience. Rigorous research, group discussion, analysis and reaching conclusions are incredibly enriching.”

World Parliament

A unique peace and unity education exercise at CMS comprises of World Parliament sessions wherein children roleplay as leaders of various countries of the world. They deliberate in a mock World Parliament and discuss issues like the growing arms threat, the increasing ecological imbalance, increasing social tensions and violence, the objective being to find methods and approaches for mitigating these issues. The central theme of all discussions focuses on how to ensure unity and lasting world peace.

CMS is recipient of 'The 2002 UNESCO Prize for Peace Education' for its efforts to promote the universal values of education for peace and tolerance at a time when these values are increasingly being challenged.

World Unity Prayer

- World Unity Prayer Ceremony adorns every CMS event.
- These colourful ceremonies symbolize unity in diversity and foster feelings of brotherhood.
- The concept is designed to expose students to culture, costumes and issues of different countries.
- Prayer of Unity is rendered, first for the country represented, followed by the prayer worded “May Unity Prevail on Earth.”

All Religion Prayer

The All-Religion prayer has been an integral part of CMS events ever since the establishment of the school, in which children recite prayers from all religious scriptures on the same platform, along with the message of unity of religions based on the idea that the source of all religions is ONE God.

The generosity of spirit behind the All-Religion prayer has won hearts. In a land riven by communal mistrust, the All-Religion Prayer is nothing short of a revolutionary act — a powerful teacher of the oneness of humankind, irrespective of religious belief. It reinforces children’s belief in *Vasudhaiv Kutumbkam*.

Junior Youth Empowerment Programme (JYEP)

The Junior Youth Empowerment Programme (JYEP) is an international programme adapted by CMS for the empowerment of its junior students (class 6-8).

A unique platform to nurture the capacities of junior youth, empowering them to fulfill their potential for initiating individual and social transformation.

The programme trains volunteer students from the senior section (classes 9, 10 and 11) to become 'animators' (facilitators) for the junior youth in their own campus (classes 6, 7 and 8).

The opportunity allows the students to:

- Form group identity
- Address issues concerning them
- Design and execute feasible service projects
- Develop virtues and skills
- Enhance intellectual, social, emotional, artistic and moral capabilities.

Read more

A JYEP activity in progress

The Virtues Project

Moral education has been a core part of the CMS philosophy on education since the very beginning, and CMS has sought to bring the most successful elements of moral education from around the world to its students. In the past two years, CMS has adopted the globally acclaimed Virtues Project, a set of 5 strategies to be utilized in classrooms to ensure the moral development of children: speaking the language of virtues, recognizing teachable moments, honouring the spirit, companionship, and setting clear boundaries. The Virtues Project began in Canada and has found success in over 100 countries, even being endorsed by the Dalai Lama and the United Nations. CMS is the first school in Lucknow to adopt the Virtues Project and has invested in it wholeheartedly, bringing in expert trainers from the United States for ongoing training and support of teachers. An inspiring transformation has been seen at CMS, in which students are being supported to develop their innate virtues such as generosity, determination, and joyfulness. CMS has led groundbreaking work with the Virtues Project which was featured in 'The Times of India'.

CMS Virtues Project in TOI Newspaper

Virtues Workshop with Ms Dara Feldman, USA

Go Green Initiatives

At present, environmental preservation is a critical part of CMS's emphasis on values education, and each CMS campus has an Eco Club and dedicated Environment Coordinator. Students collaborate with top environmental organizations including the Centre for Environment Education, UP NEDA, and the Prithvi Foundation. Students research water, biodiversity, and methods for energy conservation. In addition, they engage in service projects such as tree plantations, organic farming, composting, public awareness campaigns, and cleanliness drives such as the Swachh Bharat Abhiyan.

CMS holds the International Environment Olympiad biannually, bringing together students from all over the world, to explore innovative ideas to protect the environment. Additionally, CMS pupils have won top awards related to energy conservation including the Wipro Earthian Award and the Paryavaran Mitra Puraskar.

Arjun Singh of Class VIII and Anwsha Sonker of Class VII of CMS Rajendra Nagar Campus II were awarded in Poster Making Competition 'Paryavaran Mitra' organised by RCE Lucknow to spread awareness among the students about the importance of sparrow for our Eco System.

Western Classical Music

As in previous years, CMS Western music continued touching higher levels step by step. In 2022, for several months, we focused on the in-person exams of the ABRSM examination board, which were conducted in December 2022. The prominent role of the international music exam boards, such as ABRSM, Rock School of Music, Trinity etc is to support the learning process for all the music learners. An accurate, transparent, and authentic assessment gives the parents a clear view of their children's progress. It is an honour to host an international music exam board's examiner who comes to assess our students' musical progress and give precise feedback to the parents.

Last year more than 2000 CMS students took lessons in western classical music and learnt to read sheet music in various campuses. Out of these, 85 students took the ABRSM practical exam (Violin, Piano, Singing), and the results were remarkable with all examinees passing the exam with merit and distinction marks.

Some of the participants of ABRSM with Sara Nadafian, piano accompaniment along with Shamim Movahhed, Jinous Yegan, and Stephen Ellis ABRSM examiner

The youngest Soprano of India

CMS student Apurva Chauhan became the youngest singer in India to complete diploma in opera singing by passing the singing exam of the prestigious Associated Board of Royal Schools of Music (ABRSM), London.

As a Soprano, Apurva's voice strikes the highest notes. Her repertoire includes Mozart, Beethoven, Puccini and Vivaldi, among others. She sings in Italian, French, German, English and Hindi.

Ritika - The talented Violinist

Ritika Tiwari, a CMS student of class X, passed the ABRSM Grade 6 practical exam in Violin.

This is a truly commendable achievement as violin is a difficult instrument and Grade 6 of ABRSM requires a high level of skill in playing. Ritika wants to make a career in music. She says, 'I had never taken any professional music classes before.' Ritika has been receiving one-to-one violin lessons in CMS.

Indian Classical Music

CMS students have the opportunity to take up individual or group lessons in Indian classical music instruments including the tabla, flute, sitar and singing, depending on the campus.

CMS events provide a unique opportunity for our young musicians to showcase their musical prowess before teachers and parents.

Lessons in Sitar

Lessons in Tabla

Sports

Sports enrich both the body and mind, teaching life skills such as resilience, team work, the importance of discipline, and how to be magnanimous in victory and gracious in defeat.

Our experienced instructors and coaches provide rigorous training, helping students to win competitions at every level, from local to national.

CMS has invested in top-notch training facilities including gymnasiums, swimming pools, and astro turf sports grounds. Additionally, CMS hosts several international sporting competitions in which students compete with and learn from students of other countries. These include EXSPO International (a multi-sporting event), ISCL (International School Cricket League), and CONCORD (an international football competition).

At CMS, we offer a range of sports, with specialist coaching and facilities on site, including:

- Badminton
- Basketball
- Cricket
- Chess
- Swimming
- Hockey
- Athletics
- Football
- Roller Skating
- Table Tennis

◀ Shooting Championship

Sundaram Singh of Rajajipuram Campus I won the coveted Gold Medal in the Zonal Round of ASISC Shooting Championship in Under 17 Peep Sight Rifle literally shooting down all other opponents.

He also bagged the 5th rank in XXIX All India G.V. Mavalankar Shooting Championship held in Ahmedabad, Gujarat in 2019.

Soccer in CMS took him to Barcelona ▶

Soccer was a passion for Utkarsh since he was in Class VII in CMS Aliganj Campus I. He trained under his school soccer coach and started playing for his school team by the time he was in Class IX.

While in Class XI, he got an offer to play for the under-18 team for the famed Marcet Academy in Barcelona, Spain, becoming the only boy from Uttar Pradesh to play for the prestigious club. After a 3 year stint with the Spanish club, he came back and was invited to play for Air India.

"It has been a dream come true for me. I am thankful to my teachers, specially my soccer coach Sudhanshu Sir for guiding me in the right direction," says Utkarsh.

He is now looking for an opportunity to play for the Indian Super League.

Creating opportunities

Career Counselling

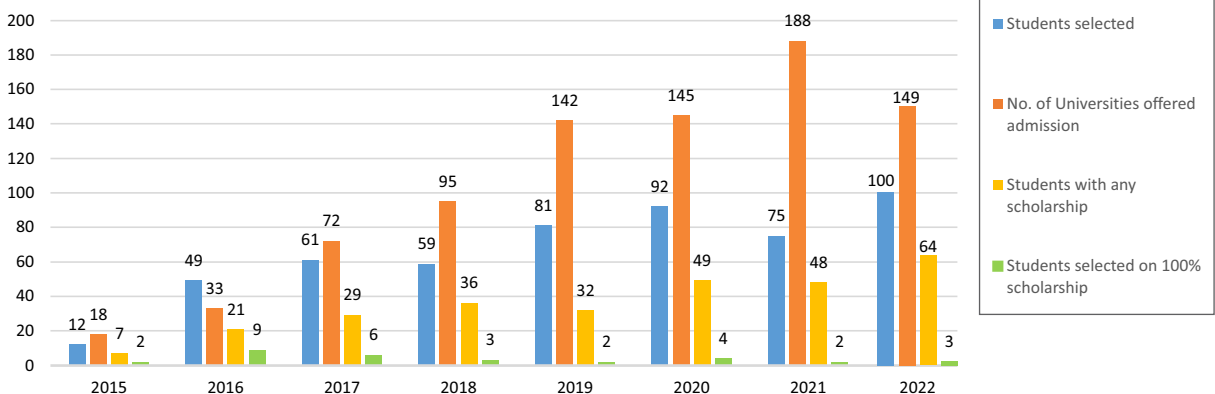

Students must be well- equipped to make informed choices about their future, and thus CMS has integrated career guidance and counselling as a part of the senior curriculum.

The Career Counselling Cell of CMS is fully dedicated to informing students about study and career options both in India and abroad, with the trend of study-abroad having taken off in recent years with a total of 423 CMS students getting admission in universities abroad since 2016, with scholarship offers amounting to more than 100 Crores. Each student of CMS has access to dedicated school career counsellors, who have received the highest levels of training within India and abroad.

CMS Gomti Nagar Campus I is Test Centre for the SAT, AP, Cambridge Assessment Admissions Testing (CAAT), and American College Testing (ACT) examinations. CMS is also an International Award for Young People (IAYP) Centre. We also organise a grand annual Careers Day, with experts from a vast range of fields personally interacting with students and answering their queries, as well as frequent career advisory sessions for students throughout the year.

CMS students selected for admissions to prestigious universities of the world with scholarship in the last 8 years

College and Career Counselling

College and Career Counselling Cell at City Montessori School is a place where a student walks in with a curious mind and walks out with a clear mind.

The Counselling department at CMS has a strong team of Counsellors that follows a very empathetic and dynamic approach with the students. We do not push them towards the ongoing trends but our endeavour is always to understand them, their dreams and aspirations and based on that we guide them to build sustainable, scalable and satisfying careers.

Career Fairs and University Fairs are organised annually where the best universities from all across the world are invited to interact with our students and give them first hand knowledge about their courses and facilities. Our campuses have a well equipped Career Library where you will find information on all subject streams, the new age evolving careers, colleges, countries and courses. Career Clubs in the campuses organise monthly activities such as sessions by subject experts, interactive sessions by alumni etc. Career Counselling office is a one-stop desk for our students to discover their true passion.

Universities Fair for senior students

Careers Day being organised by CMS

Study Abroad

Over 100 CMS students are selected yearly in top Universities of the world - A majority of them with **scholarships**. A few of them are:

<p>\$ 3,26,000</p>  <p>Prakriti Tandon Cornell University USA ₹ 2.4 Crore</p>	<p>\$ 3,25,452</p>  <p>Afsheen Alvi Cornell University USA ₹ 2.4 Crore</p>	<p>\$ 2,68,000</p>  <p>Aamish Ahmad Beg Dartmouth College USA ₹ 2 Crore</p>	<p>\$ 2,51,932</p>  <p>Deepika Gupta Cornell University USA ₹ 1.86 Crore</p>	<p>\$ 2,35,000</p>  <p>Aditya Dwivedi Cornell University USA ₹ 1.76 Crore</p>

CMS Alumni Meet

An alumni charters its alma mater to great heights by contributing to our cosmopolitan paradigm. City Montessori School has organized various alumni meet across the globe to reminisce old times and talk about the future.

CMS Alumni International meets were organized online for USA, Europe and Australia Chapters in 2022 which saw active participation from 75 CMS alumni working in these coming together to relive their memories of

school days. They also consulted ways to strengthen the alumni network abroad and how they can help their juniors in professional capacity.

CMS Alumni meets were organized by CMS Aliganj I, Gomti Nagar II, Chowk, RDSO, Rajajipuram I, Anand Nagar and Asharfabad Campuses in which a total of nearly 700 alumni connected with their alma mater and interacted with their Principals and Teachers expressing nostalgia.

CMS Alumni on the ladder of success

Lakshya Sharma, Alumnus, CMS Gomti Nagar I
BTech & ME at University of Pennsylvania
started PhD at MIT, USA

At CMS, my natural curiosity was fostered by participating in multiple international maths and science olympiads, which took me to Indonesia, Mexico, Philippines and Taiwan from the young age of 9. These international experiences broadened my horizons, as I got to see different education systems. I realized that studying in the world's most renowned research institutions was the best way to develop myself to the fullest.

Prakriti Tandon, Alumna, CMS Mahanagar Campus
Cornell University, USA
with 100% scholarship

I applied for need-based financial aid while seeking admission at Cornell, which was granted with 100% Tata Trust Scholarship and an offer letter for admission. I will opt for Chemistry major in undergrad. Seeing me excel in Sciences, my teachers always motivated me to work hard and seek admission in the best university. I was ably guided by my school's career counselor which helped me to choose the right place for my further studies.

Afsheen Alvi, Alumna, CMS Aliganj Campus I
Cornell University, USA
with 100% scholarship

While applying for admission at Cornell, receiving financial aid was a huge concern of mine. Fortunately, I received the TATA scholarship which covered my total cost of attendance. I will now opt for computer science with a minor in astronomy, since my teachers always promoted interdisciplinary studies and encouraged me to pursue my interests in any field. I am thankful to them and to my school counsellor for both motivating and helping me find the college I belong at.

Suryansh Kushwaha, Alumnus, CMS Kanpur Road Campus
National University of Singapore
with 100% scholarship

"Studying at the National University of Singapore (NUS) is an incredible experience! NUS provides an enriching learning environment that is unparalleled in Asia. Being constantly surrounded by a diverse student population from all around the world, who bring with them a wealth of experiences, helps one to gain a whole new perspective on this world."

Some prominent CMS Alumni

Apart from scores of civil service officers (IAS / IFS / IRS / IPS) and thousands of professionals (doctors, engineers, lawyers, chartered accountants, journalists, businessmen, academics, professors, etc.), CMS alumni have also gone on to become eminent authors, singers, models, actors, designers, politicians and much else.

Dr Dinesh Sharma

Ex-Deputy Chief Minister
Government of Uttar
Pradesh

Alumnus of CMS Rajendra
Nagar Campus

"I found a family environment in CMS."

Gopal Baglay, IFS

High Commissioner of India
to Sri Lanka

Alumnus of CMS Rajendra
Nagar & RDSO Campuses
(1980)

*"CMS inculcated
human values in me."*

Apoorva Srivastava, IFS

High Commissioner of India
to Canada

Alumna of CMS Jopling Road &
Mahanagar Campus (1988)

*"Extra curricular activities
built my confidence."*

Prakash Gupta, IFS

Joint Secy. (Summits), Ministry
of External Affairs, Govt. of
India

Alumnus of CMS Station Road
Campus (1996)

*"CMS gave me self-belief to
meet life's challenges."*

Prof Nita Gandhi Forouhi

MBBS, MRCP, BMedSci,
MSc, PhD, FFPH
Physician & Professor,
University of Cambridge, U.K.
Alumna of CMS Station Road
Campus (1976)

*"CMS shaped me to be my best self
through my formative years."*

Sudhanshu Trivedi

National Spokesperson
Bhartiya Janta Party

Alumnus of
CMS Mahanagar Campus

*"The learning acquired through CMS's
strong teaching has been enduring."*

Celina Jaitly

Miss India (2001), Ms Universe
Runner-up (2001), and United
Nations Equality Champion

Alumna of
CMS Station Road Campus

*"The principles of love, peace, unity
and hope taught in CMS gave me the
motivation to stand up for equal
rights for all."*

Anoop Jalota

Acclaimed Singer and Musician
Alumnus of
CMS Station Road Campus

*"At CMS I learnt Guru Bhakti, Ishwar
Bhakti and Gyan Bhakti under one
umbrella."*

Sumit Gulwani

Partner Research Manager
Microsoft, Seattle USA

Alumnus of
CMS RDSO Campus (1994)

*"The inter-branch comparative
exams prepared me for the
extremely competitive life ahead."*

Partnership with Parents

Parents' participation in CMS events brings the school and the home closer. They are specially invited to not just attend but also actively participate in various school events like Annual Mothers Day Celebration, Annual Sports Days, Model Class Presentations, Open Days, and many other meaningful cultural presentations.

Teacher-Guardian Home Visits

To strengthen the link between school and parents, CMS has been innovative in creating the 'Teacher-Guardian Home Visit.' Once a year, teachers visit their students' home to meet parents. Parents are encouraged to provide open feedback to teachers as well as seek advice to ensure that their children achieve their full potential. Home Visits foster a strong bond between the school and home, as well as between teachers and their students.

Parent App

CMS has released a new Parent App which provides parents real-time information relating to their child including attendance, transport information, academic reports, timetables, and direct communications from the school.

Parent-Teacher Meetings

Parents are invited to visit campuses for periodic parent-teacher meetings to discuss the education and welfare of their children.

High Academic Standards

Performance in Board Examinations 2022

CMS students delivered the best results in the country in the **ISC & ICSE Boards 2022** with **23 brilliant students** securing the top three positions in the country. The number of CMS students who secured above 95% marks in 2022 was 1980 (29%).

** In ISC, Aggregate mark is taken as the average mark in 'English plus the Best Three Subjects'

Outstanding Achievements

- ▶ **Entrance into IITs, 2022:** 61 CMS students were selected in JEE Advanced.
- ▶ **72 CMS Students qualified NEET-2022** (All India Medical Entrance Exam)
- ▶ **Govt. of India National Merit Scholarship:** 86 CMS students won Rs 3 crore 44 Lakhs to pursue higher studies in Science in 2022. Each will get a total of Rs 4 Lakhs (Rs 80,000/- per year for five years) from the Department of Science and Technology, Government of India. They were in the National Top 1% Merit list of ISC 2022.
- ▶ **45 CMS Students qualified Common Law Admission Test (CLAT) in 2022**
- ▶ **7 CMS alumni selected as IAS** (Indian Administrative Service) in 2022 and **59** became IAS between **2011 to 2022**. Also, **1 CMS alumna got selected in PCS(J) in 2022**.
- ▶ **9 CMS students selected in the Kishor Vaigyanik Protsahan Yojna Scholarship (KVPY) 2022** of Rs 5,52,000 each for 5 years of higher education (Rs 5,000/- per month + Rs 20,000/- yearly grant for first 3 years and Rs 7,000/- per month + Rs 30,000/- yearly grant for the next 2 years).

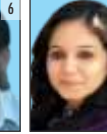

- ▶ 7 CMS scholars out of 10 from Lucknow have been selected in **National Talent Search Examination (NTS) 2022**.
- ▶ **100 CMS students got admission offers from top Universities abroad in 2022**

CMS students scored brilliantly in the SAT exam, which is the gateway to admission in US and other universities. The SAT helps students to signal their ability in an international context and thus helps to secure admission in universities around the world. 64 of these 100 students got scholarship offers.

- ▶ **Three CMS AP Scholars:** CMS students earned AP Scholar Honor Award, scoring a perfect score of 5/5 in the AP exams in which they appeared. Results are as follows:

Name	CMS Campus	Score
Arnav Kumar	Gomti Nagar I	5/5 in 3 subjects
Nischay Singh	Aliganj I	5/5 in 3 subjects
Saad Khan	Gomti Nagar I	5/5 in 1 subject

CMS Films Division

CMS has a full-fledged, technically competent films division that produces meaningful educational documentaries and films, with social messages that are telecasted through various local, national and International educational channels.

Eleven International Children's Film Festivals have been successfully organized so far.

The 12th International Children's Film Festival (ICFF-2023) will be organized from 10th to 16th April 2023.

Boman Irani at the CMS Film Festival 2019

CMS Community FM Radio Stations

CMS has two FM community radio broadcasting stations on **90.4 MHz**. The range of transmission is 10 to 20 kms from each station.

1. CMS Gomti Nagar Campus Community Radio Station airs programmes daily in two shifts from 7:00 am to 11:00 am and 3:00 pm to 7:00 pm.

2. CMS Kanpur Road Campus Community Radio Station also airs programmes daily in two shifts from 11:00 am to 3:00 pm and 7:00 pm to 11:00 pm.

Children and community members also get the opportunity to make radio programmes!

MHz

Technology in CMS Education

Device-Based & Adaptive Learning

CMS has started providing devices such as tablets and state-of-the-art computers for learning. 'Adaptive learning, is being trialled in a variety of pilot projects to personalise learning to the needs of individual students by pitching specific learning content to each student according to his or her own level of understanding and pace of learning. At the same time, meaningful data is automatically aggregated for teachers to use to inform their teaching strategies. This is enabled through continuous diagnostic assessment through the eLearning platform, combined with sophisticated algorithms and data analysis through machine learning and artificial intelligence. Some of these pilot projects include tablet-based mathematics adaptive learning software Khan Academy having online content, Tata ClassEdge and other artificially intelligent eLearning platforms.

Using tablets for learning

Interactive White Boards & Flat Panels

CMS has installed more than 1526 interactive white boards across its classrooms a total across CMS – to enhance the classroom teaching process. In addition more than 350 interactive flat panels have recently been purchased in the CMS quest to remain abreast with cutting edge technology, to further optimise children's learning experience and to make technological adoption easier for teachers. Our interactive boards are equipped with Tata ClassEdge content – quality, interactive learning content mapped to the children's curriculum. Our LED screens and sound systems support events for children in our state-of-the-art auditoria and across CMS campuses.

Teaching through Interactive Flat Panels

Robotics Labs

The Robotics laboratories at CMS Rajajipuram I, Gomti Nagar I and Gomti Nagar II, started with the aid of Bangalore-based tech firm Serena Technologies, to introduce students to Robotics and cutting-edge technologies such as 3D Printing with a very practical approach, relevant to all ages. Students work with 'Nino' the humanoid robot, which can be programmed in many different ways.

Laurels to the school

- The Champions of International Autonomous Robot Racing Competition (IARRC 2016), the CMS team ROBOJACKETS, won the first prize at the competition organised by University of Waterloo, Canada.
- Students of Gomti Nagar Campus I, secured 6th place in Tech Fest, robotics competition, organised by IIT Bombay from 3rd to 5th January 2020. Students had prepared their robot with junk, spending minimum money.
- Students of Gomti Nagar Campus I, won 2nd prize in all the three events of Robusta - Robo War, Robo Race, and Robo Soccer, organized by Maharishi University of Lucknow on the 18th & 19th of November, 2022.

Champions of IARRC, Canada

Infrastructure

Infrastructure is a key element in a student's learning experience. To put our vision into action we are continuously developing infrastructure. To provide students the best of facilities (labs, libraries, lobbies and sports facilities) and to maintain their academic and co-curricular performance, we are consistently upgrading our campuses' infrastructure and introducing new and modern gadgets and resources.

The CMS Difference

World Unity Satsang

CMS organizes a weekly World Unity Congregation (Satsang) on unity of religions and world unity at the CMS Gomti Nagar Campus I on Sundays. In these congregations, Dr Bharti Gandhi, Founder-Director of CMS, delivers talks on world unity.

This weekly Satsang has been held continuously without a single break since the year 2000, and draws dedicated and enthusiastic participation from adults and children.

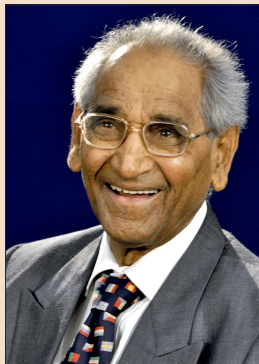

Dr Bharti Gandhi, Founder-Director of CMS speaking at the weekly World Unity Congregation

Spiritual Discourses

Spiritual Discourses by Dr Jagdish Gandhi

Educational talks of CMS Founder Manager for students, parents and society can be heard throughout the year. Dr Gandhi believes that school is a lighthouse of society and should provide guidance to children, parents and society, beyond academic guidance. His efforts in this regard have been widely applauded.

Dr Gandhi has written 28 books.

Dr Jagdish Gandhi may be heard every day on the following TV channels:

Special initiatives by CMS for a safe and secure future for world's over two billion children & generations yet-to-be born

Inviting the World's Judiciary to CMS

International Conferences of Chief Justices of the World on Article 51 of the Constitution of India for Uniting the World for Children through Enforceable World Law and Effective Global Governance

1429 Chief Justices, Judges and Heads of State/Government from 138 Countries have attended the past 23 International Conferences of Chief Justices of the World organised by CMS since the year 2001

Hon'ble Chief Justices and other eminent participants of 23rd International Conference of Chief Justices of the World, 16th to 22th November 2022

Student participation

Students of classes 8 to 11 of all CMS campuses participate in the Chief Justices' conference each year. Firstly, students who volunteer for the Youth Leadership programme take part in orientation sessions, to prepare for their close engagement with World Leaders, Chief Justices and Judges, and present the Children's Appeals. Secondly, students of classes 8 to 11 attend the plenary and parallel sessions of the conference, where they get a four-hour opportunity to hear the speakers, offer their perspectives on the conference themes, and ask the assembled senior world judiciary their searching, complex and sometimes discomfiting questions.

The enormity of the opportunity and the positive impact of such participation is incalculable, even though it is not immediately visible. Since students are intellectually engaged in discussion of contemporary world affairs in the presence of eminent international dignitaries and legal luminaries, they wish that their perspectives are valued, and they become aware of the importance of their concerns in the world, which boosts their self-worth, self-concept and confidence. That the opportunity is priceless is attested by discerning parents and students alike, not least because it makes children's vision world-embracing.

Eminent personalities who addressed the 23rd International Conference of Chief Justices of the World

Hon. Shri Rajnath Singh
Minister of Home Affairs, Government of India was the Chief Guest at Welcome Function at Lucknow on 18th Nov. 2022

Child Well-being

Wellbeing is about children being confident, healthy and happy. Children desire to be loved, valued, respected, cared for and included. Wellbeing is also an important element of overall student success. They cannot be expected to reach their full potential if they have mental health issues and if we do not provide the support they need. And they cannot be their best if they are not motivated to adopt a healthy, active lifestyle, both in and outside of school.

CMS provides a counselling service to students and their families to ensure they are well taken care of to be their best.

- Individual Counselling
- Group Counselling
- Parental Counselling
- Family Counselling
- Training on Life Skills

CISV Camps

UP Chapter of CISV India in association with City Montessori School, CMS, organised 28th International Village Camp from 28th December 2022 to 19th January 2023. Participants from 9 countries participated in this Village Camp. CISV Village Camp is the camp organised to educate and inspire 11 year old children to become Active Global Citizens. This camp was named

'Cheetah' to show support to the mission undertaken by the Government of India to re-introduce Cheetahs in the wildlife of India. Earlier in 2022 the Government of India brought 8 cheetahs from Namibia to India. Hence, the Cheetah name was adopted for the Village Camp denoting the new start. This camp is the pilot camp in whole of the Asia post COVID so the UP Chapter Committee found the name apt for the camp marking a new beginning.

Participants from Brazil, Finland, Germany, India, Italy, Japan, Mexico, Mongolia and Sweden at 28th CISV International Village Camp at City Montessori School, Lucknow being held from 28th December 2022 to 19th January 2023.
