This data was downloaded from TheLearningPoint.net website, for ALL ISC schools affiliated to the Council for the Indian School Certificate Examinations, New Delhi

TheLearningPoint.net website (i.e, the source) offers other extensive insights, subject-wise and city-wise; which could not be included here, keeping in mind space constraints

1. The 4-subject aggregate mark was computed using the scores of candidates in English plus the best three subjects (of each student)
2. Schools have been ranked by the 4-Subject aggregate as this is a widely used metric within CISCE affiliated schools.
3. The data was prepared using a near-complete dataset for the ISC 2014 Examinations and less than 1% of student records are estimated to be incomplete or missing
4. There might be marginal variations from the actual result because of the few missing records - and does not factor in re-evaluation results, details of which are seldom available online.
5. In case you observe a variation exceeding +/- 0.5% in the score of a school, please report it at: [updates@thelearningpoint.net](mailto:updates@thelearningpoint.net)
6. This listing only includes medium to large size schools, with 70 or more candidates (i.e, approximately 2 sections with 35 students each)
7. These tables (rounded to the nearest 2 decimal place) are also published on page 226-230 of the Education World magazine Septembe 2014 issue.
